

Bet Tzedek - The House of Justice *The Justice Society*

***The Justice Society* is a network of dedicated professionals committed to transforming our community by supporting Bet Tzedek – The House of Justice.**

Your membership in Bet Tzedek's **The Justice Society** directly impacts the lives of our clients and promotes our mission of "equal justice for all". As a thank you, members of **The Justice Society** will receive special benefits from Bet Tzedek.

We encourage **Justice Society** members to attend Bet Tzedek events, including the Annual Dinner Gala, MCLE programs, and **The Justice Ball®**. We anticipate that members of **The Justice Society** will provide future leadership of Bet Tzedek through Board and committee participation.

To join **The Justice Society**, you will need to:

- Have a desire to improve the lives of your fellow Angelenos.
- Support our mission by spreading the word about the work of Bet Tzedek to your colleagues, friends and family.
- Make a minimum annual donation of either \$500 or \$1,000. If you would like to spread your payments throughout the year, think about becoming a monthly sustaining member.

Members of **The Justice Society** receive:

- For those who make a donation of \$1,000 - two VIP tickets to Bet Tzedek's annual summer event **The Justice Ball®**.
- For those who make a donation of \$500 – two General Admission tickets to Bet Tzedek's annual summer event **The Justice Ball®**.
- Opportunities to network with Bet Tzedek board members.
- Exclusive **Justice Society** events with other professionals who are also dedicated to Bet Tzedek's mission.
- The opportunity to learn first-hand about nonprofit leadership.
- Recognition in promotional materials and annual donor listings.

Your membership in The Justice Society will provide funds that will be earmarked for a specific Bet Tzedek program area. This year, the income will be used to support the Holocaust Reparations Clinics as we continue to work with Holocaust survivors in their efforts to obtain reparations from the German government. **Given that 25% of survivors live in extreme poverty, this support makes a critical difference in their lives.**
